AZORIAN 3

COMPLEXITY INTO CLARITY

BDNY 2026 · JAVITS CENTER · NOVEMBER 8 AND 9

FOR THE PEOPLE WHO MAKE WHAT THE HOTELS BUY

You bring the vision. We bring the *insight.*

Know which quotes need attention and where costs are changing. Azorian3 brings your quote log, open orders, freight invoices and sample records into one dashboard, so your team can prioritize follow up, see delivery issues and compare quoted costs with actual costs. Start with the files your team already uses.

LIGHTING brass and linen

FURNITURE walnut and boucle

RUGS AND TEXTILES indigo and madder

TILE AND STONE travertine and verdigris

WALLCOVERING sage and plaster

ART AND ACCESSORIES oxblood and gilt

01 · WHAT WE DO

Clean. Standardize. Complete. Sign.

Simple, accurate and as stylish as you want it to be. We meet you where your processes already are. Start with the files your team already uses. Missing values are estimated and labeled as estimates. A person reviews the numbers before you see them.

02 · THREE OUTCOMES

SALES

See aging quotes and which accounts are converting. Samples and memos out too long.

ORDERS

Identify late orders and the dollars tied to them, including deposits held on late work.

COSTS

Compare quoted and actual landed cost, per container, to inform the next project.

03 · BEYOND MONDAY

90 day forecast of what will book, with an honest range
FROM YOUR OWN HISTORY

Best, base and worst case on every filled blank
PLAN ON THE LOW END

Weekly watch, every Monday, the five changes that matter
SIGNED EACH WEEK

Buyers in your market who have never asked you for a quote
GRADED, WITH AN OPENER

SPRINT · FIXED FEE

Ledger Sprint

Your four files to a signed ledger in 10 business days. Executive readout with the top ten money moves.

MONTHLY

Monday Subscription

Flat monthly fee, cancel any month. Weekly refresh, forecast, best and worst case, watch list, buyer radar. Unlimited users.

BUILD · FIXED SCOPE

Build and Hand Over

Wired into QuickBooks and your quote log, documented, trained, 8 weeks. You own the code and the data.

PRICING

Fixed fee. Fixed date. *You* own the result.

Three ways to engage, above, priced on the outcome and the calendar, not billable days. Sized to your order volume, your files and your data quality. Agreed before we start. Discovery is one hour with the owner, no charge.

Who this fits. Owner led. 5 to 50 people. No data team. Showrooms, makers, rug and textile houses, tile and stone, lighting studios, galleries.

Scan to explore a modeled furniture example.

Pick what you make. Watch four files become one dashboard. Tap any number for the fix. Figures are modeled, not customer results.
